

## MOL PLUS K.K.

### Company Description

#### Create a new form of Ocean Shipping Business

Ocean Shipping, it's "the transportation of cargo around the world by a large vessel". Mitsui O.S.K. Lines remains proud of its core business. At the same time, it is also necessary to re-define the ocean shipping industry from the perspective of the SDGs. MOL PLUS will make a new challenge ; Creating a new form of ocean shipping business.

#### We will PLUS new value to the ocean shipping industry and society

What is the real needs for society in today's rapidly changing world? MOL PLUS will create new businesses that "PLUS" some new value to the ocean shipping industry and society.

#### For the growth of Startups, MOL PLUS aims to generate synergetic effects with long term eye

Implementing innovative technologies and business ideas in society is not something that can be achieved in short time vision. Persistent steps lead to the creation of new value. MOL PLUS will be involved in the decision-making process for investing in Start-ups, as well as supporting Start-ups after the investment, from the perspective of the growth of Start-ups.
