

Windows to Japan

Company Description

Windows to Japan is a dynamic company (established in 2005) that enables travelers the opportunity to have intimate encounters with Japan's fascinating culture. We bring our travelers directly to the heart of Japan through the soul-stirring "windows" we have interwoven into our tours.

Our extensive knowledge, contacts, and personal connections have been established during our many years living and working in Japan. This puts us in a unique position to open up more windows and provide more tour options through which you can encounter a Japan that exists far beyond the known attractions and away from the usual well-beaten tracks.

We give you our utmost personal attention and hand-craft our tours to your specific and individual needs, whether you are on a group or independent tour.

Our welcoming guides and friendly, efficient management team are always on hand to support your stay and to help to turn your journey in Japan into an unforgettable encounter.
