Company Description

DRIVING COURSE

The world's most extraordinary driving experience awaits you

[A Road Course like no other]

The 3.5km road course features a maximum ascent of 20%, maximum descent of 16%, and an 800-meter long straight, making it a track like no other. It is challenging but also designed for safety, letting drivers focus on the driving experience. They can take one-on-one lessons with professional instructors and explore the potential of their favorite cars in a safe manner.

[Course Specifications]

Our unique road course was designed by the world-renown F1 circuit design team at Tilke Engineers and Architects.
