

# Agensi Pekerjaan Language Talent Solutions Sdn.Bhd.

## Company Description

Hello! We are Language Talent Solutions (LTS), a recruitment agency based in Malaysia.

The beginning of Language Talent Solutions (LTS) stems from the belief that the right talent should not necessarily be restricted to the limitation of borders.

Guided by 20 years of experience, we pride ourselves in support of our clients within the South East Asia region in delivering the best international and local candidates with linguistic skills in junior, mid and senior positions in a variety of disciplines and in different industries.

Every year, we assist over 500 job seekers in securing overseas positions.

We cater to over 50 languages and are dedicated to helping our global partners and companies find the best talent for their needs.

Our team consists of multilingual recruiters proficient in English and other languages. We also assist with the necessary documentation once candidates are selected by our clients, ensuring a smooth transition into their new roles.

For those new to working abroad, we offer comprehensive support to ease any concerns. Equipped with License "C," we are authorized to recruit both local and foreign talent for positions in Malaysia and overseas.

Additionally, we are officially appointed by the Human Resources Development Fund (HRDF) for the economic recovery initiative, Penjana HRDF.

If you are interested in any of our job listings, please feel free to contact us at any time.
