Company Description

◆ About RGF

RGF stands for “Recruit Global Family” and is a global HR brand born from the overseas operations of the Recruit Group, one of Japan’s largest comprehensive HR services companies.

Leveraging over 60 years of expertise and network in human resource services cultivated by Recruit since its founding in Japan, RGF has supported global talent acquisition for companies by utilizing its extensive network of offices—primarily across Asia—and a rich job database.

Furthermore, from April 2026, RGF Select India will operate under a new structure as part of the Fullcast Group, a comprehensive HR services company listed on the Tokyo Stock Exchange Prime Market.
In addition to our accumulated expertise in global talent services, we will leverage the strong business foundation and network of the Fullcast Group to provide even more valuable HR solutions for both companies and candidates.

◆ One of the Largest Job Volumes in India

Leveraging our well-established global network and proven track record in HR services, we handle one of the largest volumes of job opportunities in India.

We work with a wide range of companies, from major Japanese corporations to small and medium-sized enterprises. In addition to recruitment for local subsidiaries in India, we also support hiring needs at the pre-entry stage into India, including consultations and information sharing.

From a diverse range of industries and job functions, we propose the most suitable positions based on your experience, preferences, and career plans.

◆ Extensive Track Record in Supporting Overseas Career Moves

With years of experience in HR services in both Japan and India, we have supported both Japanese companies expanding into India and candidates aiming to build careers overseas or within India.

In many cases, we are consulted from the early stages of a company’s overseas expansion. By gaining a deep understanding of the business background and required talent profiles, we are able to deliver optimal matching aligned with each candidate’s experience and career aspirations.

By leveraging our proven track record and the strengths of our new group structure, we are committed to strongly supporting your global career development.
