サンコー商事株式会社

SANKO SHOJI CO.,LTD.

Company Description

As a reliable industrial coordinator supporting manufacturing

Our mission at the Sanko Group is to contribute to manufacturing as a reliable industrial coordinator that responds to the ever-changing needs of our customers.

Since our establishment, we have been committed to the spirit of "sincerity, endeavor and fairness" and to reforming our awareness, methods, and constitution, and as a trading company, we have worked to meet the various needs of our customers by focusing on building production systems, including machine tools, industrial machinery, instruments, and equipment.

Industrial structures and market economies are changing rapidly, and needs are diversifying, such as broadening of globalization, response to environmental issues, technological innovation, and the progress of DX.
In these changing times and environment, we, as a sound corporate citizen, value compliance and will strive to be a company that is useful to everyone while also transforming ourselves as a 'Reliable Coordinator'.
