DNV BUSINESS ASSURANCE JAPAN K.K

Company Description

We are the world's leading classification society and a recognized advisor for the maritime industry. We deliver world-renowned testing, certification and technical advisory services to the energy value chain including renewables, oil and gas, and energy management. We are one of the world's leading certification bodies, helping businesses assure the performance of their organizations, products, people, facilities and supply chains.

We are also a world-leading provider of digital solutions for managing risk and improving safety and asset performance for ships, pipelines, processing plants, offshore structures, electric grids, smart cities and more. Our open industry assurance platform Veracity, cyber security and software solutions support business-critical activities across many industries, including maritime, energy and healthcare.

DNV GL becomes DNV

On 1 March 2021 DNV GL became DNV. Find answers to frequently asked questions about how the name change will happen and what the change will mean for you. You can also read the press release, or contact us with additional questions or comments.

Our Purpose, Vision and Values

Since 1864, our Purpose has been to safeguard life, property, and the environment. Our Vision is to be a trusted voice to tackle global transformations. Our Values are beliefs that shape our performance; these ideals are the behaviours expected of all employees in DNV:

We care for each other, our customers, our planet, and we take care of ourselves.

We dare to explore, to experiment, to be different, and to be courageous, curious and creative.

We share our experience and knowledge. We collaborate with each other and our customers, and we continue to grow and develop as a result.
