

AEON Next Co., Ltd.

Company Description

As a 100% owned Aeon subsidiary, AEON NEXT has launched an online-only supermarket leveraging the latest technologies from Ocado Solutions, UK that include AI powered end-to-end software, proprietary fulfillment centers powered by robots and optimized last mile solutions in order to deliver a compelling shopping experience spanning wide range of products to customers at their preferred times.

Through this business, our aim is to play a major role in serving our customers digitally and all our efforts are geared to be in line with our 'Customer First' philosophy with an aim to bring about meaningful improvements in customer convenience.
