

## Bastian Consulting

### Company Description

Bastian provides Executive Search solutions regionally across APAC for leading brands in the FMCG, Retail, eCommerce, Transportation & Logistics, Tech, Agriculture, Food Production, Packaging and Advisory space.

We've spent a lot of time curating relationships with business leaders in the Supply Chain and Technology sectors and have successfully serviced clients across 14 different countries.

We give our clients a competitive edge because when it comes to attracting talent because we are proficient in finding candidates not only on the market, but in the market.

Our clients choose us because we:

- Have experience attracting niche and "hard to find" talent
- Know how to turn around bad recruitment processes
- Professionally & effectively promote our client's employer brand
- Provide clients with real-time data and analytics
- Use a great recruitment methodology that delivers results

We specialise in sourcing middle to senior level managers within the Supply Chain and Technology sectors, across Asia Pacific.

We offer our clients a range of services, including but not limited to:

- Retained Search
- Interim Management
- Talent Mapping
