

## TOUGAN CORPORATION

### Company Description

Yesterdays choice opens up a new today  
 Todays responsibility opens a successful tomorrow

We will be reorganizing our website in the fall of 2023, so we would like to greet you online.  
 Over the past 48 years, we have achieved world-class sales among parts makers in the industry, focusing only on construction heavy equipment components.

All of these achievements would not have been possible without the help and encouragement of many people who support and support us, including our customers, employees, shareholders, and partners.

As an answer to the question, 'What kind of company do you want to create?', the next 50 years will be spent on partnership based on trust built up over many years and through productivity improvement based on constant improvement and innovation.  
 We want to become a company that maximizes customer value.  
 I will work harder to create a company.
