

Kaiei Ryokans

Company Description

Continue to be indispensable

Hotels and Japanese ryokans- they belong to the same industry while they are, in fact, enormously different that ryokan provides a streamlined service including hospitality and dining. As suggested by our brand name "Kaiei RYOKANS", we aim to conserve "Omotenashi" (Japanese hospitality), which is a crucial Japanese tradition since the ancient times. Also, to stay indispensable, we "Kaiei RYOKANS" aim to impress our guests with out original concept as "resorts all for your anniversary vacations®". We listen to our guests, accommodate their requests, and make them feel heart-soothing and comfortable. Without a shadow of doubt we also aim at perfect our hospitality, provide the best value for money, and make our efficiency better and better. All in all, we would love to be the role model for the ryokan business in Japan.
