

CJ Olive Young Japan

Company Description

We aim to leap forward as a global omnichannel lifestyle platform to lead the way in promoting a healthy and beautiful lifestyle for everyone around the world.

OLIVE YOUNG has grown into a leading player in South Korea's Health & Beauty store industry through a strategy of welcoming challenges and encouraging innovation ever since we opened the nation's first Health & Beauty store in 1999. With market data, and strong partnerships spanning more than 20 years, we are creating a unique and differentiated shopping experience to allow more customers to enjoy healthy and beautiful lifestyles.

OLIVE YOUNG is quickly growing into an omnichannel lifestyle platform and solidifying our status as a global retailer by being at the forefront of the globalization of K-Beauty. To repay the love and trust from our customers, we are dedicated to fulfilling our responsibilities toward a sustainable future. We strive to foster partnerships prioritizing 'co-prosperity' and mutual growth, and contributing to community through charitable initiatives, and embracing environmentally conscious practices.

Going forward, OLIVE YOUNG will continue moving forward toward higher and greater goals. We will set trends by introducing new products and services to better cater to our customers and fill the daily lives of our customers worldwide with the healthy and beautiful lifestyle that OLIVE YOUNG proposes. OLIVE YOUNG will always be right at the heart of our customers to embrace better tomorrows for everyone.
