ブティックス株式会社

Boutiques, Inc.

Company Description

Our business has expanded from its origins in e-commerce for nursing care products to include in-person and online trade shows specifically tailored to the nursing care industry, M&A advisory services, and recruitment support. Today, our scope extends beyond the nursing care sector into a variety of industries, including healthcare and welfare.

What ties all of our businesses together is a consistent commitment to delivering optimal matches between sellers and buyers—just as we did when we first sold a single pair of nursing care shoes—creating the highest level of satisfaction for both parties.

Looking ahead, we are committed to becoming the No.1 matching platform company, connecting businesses with other businesses and businesses with people across a wide range of industries. With this goal in mind, we will continue to launch innovative new services and strive to deliver exceptional satisfaction to all of our stakeholders.
