

## MTJ INC

### Company Description

MTJ Inc is a leading distributor of used medical equipment and provides a wide range of low-cost medical supplies without compromising quality or patient safety. We manage all types of pre-owned medical equipment, including endoscopy, ultrasound, MRI and CT to name a few. We provide exclusive equipment management solutions to every product in our facility, to ensure they adhere to the highest quality standards. At MTJ, repeat business is an integral part of our company's success. Therefore, customer satisfaction is paramount. We welcome feedback on any of the products that are purchased, in order to earn us the position as the trusted distributor in used medical equipment within Japan and internationally.
