

United Orthopedic Corporation

Company Description

At United Orthopedic, we provide superior service to our surgeon customers by being more responsive, agile, and versatile. We listen to surgeons carefully and are uniquely able to meet their unmet needs through a vertically integrated manufacturing process that allows us to control every critical step of the process in order to bring our products to market more efficiently. For over 25 years, United has built a reputation for caring about surgeons, other health care providers, and patients around the world with a broad portfolio of safe, reliable products designed and produced with care at every step.
