

United Foods International Co., Ltd.

Company Description

The "food solution" is here.

As lifestyles change with the times and food becomes more diverse, UNITED INTERNATIONAL Corporation has consistently and promptly responded to the various demands of its customers with the motto of "being safe and secure" and "tasty" since its establishment.

We can meet a variety of needs.

- CASE 01

Development and Improvement

I need support in developing new products and improving existing products.

- CASE 02

Development of new PB products

We want to create private brand products with quality that is competitive with major food manufacturers.

- CASE 03

Cooperation in equipment and technology

We want to produce products that cannot be manufactured at our current production facilities due to equipment or technology.

- CASE 04

Provision of production sites

We want to set up a production base that can handle mass production.

- CASE 05

Various cases

Want to develop products that are compatible with food culture, customs, and allergies
