

Dou Yee Japan Co.,Ltd.

Company Description

Dou Yee Japan Co.,Ltd.
(Wholly-owned Japanese subsidiary of Dou Yee Enterprises)

【Business Activities】

Manufacturing, import/export, and sales of ESD (Electrostatic Discharge) products, cleanroom consumables, and electronic packaging materials for the semiconductor, electronics, data storage, and biomedical industries.

【Company Overview】

Dou Yee Japan is the wholly-owned Japanese subsidiary of Dou Yee Enterprises, a global total solutions provider for the electronics industry founded in Singapore in 1982.

Dou Yee Enterprises operates ISO9001- and ISO14001-certified manufacturing facilities in Singapore, Malaysia, China, and France, and maintains a global network spanning 45 locations across 23 countries worldwide.

Under its philosophy of “Global Capability, Local Focus,” the Group has established a leading global position particularly in the fields of ESD protection, cleanroom solutions, and dry packaging (moisture barrier packaging).

Backed by this strong global foundation and proven product capabilities, Dou Yee Japan has earned the trust of many major semiconductor and electronics manufacturers throughout Japan.
