weConnect Japan K.K.

Company Description

weConnect Japan K.K. is a professional services firm that supports overseas companies entering the Japanese market as well as the operations of their Japan entities.

We provide a wide range of essential back-office services, including company incorporation, accounting, payroll, and tax and labor compliance, helping our clients grow and operate their businesses in Japan with confidence.

Our strength lies in the close collaboration between our global team, Japan support team, and subject matter experts, enabling us to deliver high-quality services from both an operational and compliance perspective.

01 Corporate Secretarial
We support the various procedures required to establish and operate a business in Japan, including company incorporation, visa applications, and corporate registration matters.

02 Accounting, Tax, and Bank Account Management
We provide end-to-end support for accounting-related operations, including bookkeeping, tax compliance, and bank account management, with a strong focus on regulatory compliance.

03 Payroll and Social Insurance Administration
In addition to payroll and social insurance administration, we support the HR and labor-related challenges unique to global companies, helping clients manage their operations effectively.

We also place strong emphasis on the experience of both our clients' back-office teams and the employees working at their Japan subsidiaries, and actively leverage the latest applications and technologies to enhance service delivery and experience.
