HELENE

Medical Corporation HELENE

Company Description

Medical Corporation HELENE is a medical corporation based in Minami-Aoyama, Minato-ku, Tokyo, Japan. The organization provides private medical services primarily in the fields of aesthetic medicine and regenerative medicine. Its core services include stem cell therapies, cosmetic dermatology and plastic surgery treatments, as well as medical hair removal and skin care procedures. In addition, it is engaged in the planning and sale of skincare products related to its medical services. The corporation operates clinics mainly in the Omotesando area and is characterized by its focus on advanced medical technologies and comprehensive patient care.
