

Wako Shoji Co., Ltd.

Company Description

Wako Shoji Co., Ltd. is a specialized trading company headquartered in Fujisawa, Kanagawa, Japan, established in 1978. The company specializes in the import, sales, and wholesale of emergency medical equipment, medical devices, and nursing supplies sourced from leading manufacturers around the world. In addition, Wako Shoji provides medical equipment exports, hospital beds and ward furnishings, emergency information management software, and consulting services for disaster medical systems. By serving government agencies, fire departments, emergency medical services, and hospitals throughout Japan, the company supports the advancement of emergency and disaster healthcare with high-quality products and comprehensive solutions.
