

AMPLUS

Company Description

Amplus is a golf industry solutions provider established in 2005. The company offers a wide range of services, including the sales and installation of golf simulators and ball tracking systems, the planning and development of proprietary products, golf industry-specific system consulting, and AI (artificial intelligence) implementation and utilization support.

Amplus provides comprehensive, one-stop services covering equipment installation, maintenance, and repair, supporting the operations of golf driving ranges, indoor golf facilities, golf retail stores, and other golf-related businesses.

In addition, the company develops golf-related systems and delivers digital technology-based solutions that help customers improve operational efficiency, enhance customer satisfaction, and maximize business value.
