

Showtex KK

Company Description

ShowTex Japan Co., Ltd. is a provider of textile and stage equipment solutions for the performing arts, live events, exhibitions, commercial facilities, and architectural spaces. The company supplies and installs a wide range of products, including flame-retardant curtains, stage drapes, projection screens, track systems, and stage rigging equipment. It also offers comprehensive services covering design, consultation, installation, and maintenance for stage and space enhancement projects.

Serving theaters, concert halls, television studios, event venues, exhibition centers, and commercial facilities, ShowTex Japan delivers customized solutions that combine safety, functionality, and aesthetics to create high-quality performance and event environments. As a member of the Belgium-based ShowTex Group, the company leverages global expertise and decades of industry experience to provide innovative, high-quality products and services to customers throughout Japan.
