

Iryohojin Aikoukai

Company Description

Iryohojin Aikoukai operates Isshiki Orthopedic Clinic in Nakagyo-ku, Kyoto. Established in 1999, the clinic provides community-based healthcare with a focus on orthopedics, rheumatology, and rehabilitation medicine. Its services include the diagnosis, treatment, and rehabilitation of musculoskeletal disorders, sports injuries, osteoporosis, and traffic accident-related injuries. The clinic emphasizes patient-centered care by offering individualized treatment plans tailored to each patient's needs. In addition, it provides medical services for international visitors, including English-language consultations and medical documentation, supporting both local residents and overseas patients.
