

JERA Global Markets Co., Ltd.

Company Description

JERA Global Markets (JERAGM) is a leading utility-backed energy trader specialising in LNG, power, coal and freight.

A joint venture between two of the world's major utilities JERA Co., Inc. and EDF Trading Ltd, JERAGM is the exclusive trading and optimisation platform for majority shareholder, JERA. JERAGM operates one of the most exciting energy portfolios in the world which gives it an in-depth understanding of the way local, regional and international energy markets behave. Our in-depth knowledge and market insights enable us to capture trading opportunities, optimise portfolios, create value and enhance security of supply for our customers. Headquartered in Singapore, JERAGM has a global talent pool of about 400 people across offices located in five strategic locations: Singapore, Japan(Tokyo), the UK(London), the US(Houston) and Australia(Brisbane).
