

Plusgroup Corporation

Company Description

Plusgroup Corporation is a Japan-based automotive trading company specializing in the export of high-quality used vehicles, construction machinery, agricultural equipment, and automotive parts to customers around the world. Headquartered in Miki, Hyogo Prefecture, the company has built a global business by leveraging Japan's reputation for reliable vehicles and machinery while providing comprehensive export and logistics services.

With a customer-focused approach, **Plusgroup Corporation** manages the entire export process, from vehicle sourcing, inspection, and quality control to shipping, customs procedures, and after-sales support. Through its extensive international network and industry expertise, the company is committed to delivering reliable products and tailored solutions that meet the diverse needs of customers across global markets.
