

Ritah International Co, Ltd.

Company Description

RITAH International CO., LTD is a Japan-based B2B electronics trading company established to serve wholesale buyers and distributors worldwide. We specialize in the procurement, supply chain management, and international distribution of authentic Japan-market consumer electronics — including Apple iPhone, Nintendo Switch, and Dyson products. Our operations are built on verified sourcing channels, transparent business practices, and a commitment to delivering genuine products with reliable logistics.

What We Do

SOURCING

We source authentic Apple and Nintendo products directly from Japan, ensuring quality and authenticity on every order.

SUPPLY CHAIN

End-to-end supply chain management tailored to your business — from procurement to last-mile delivery.

DISTRIBUTION

Global distribution network connecting Japanese suppliers with buyers across Asia, Europe, and beyond.

Why Japan?

Japan is one of the world's most trusted sources for consumer electronics. Products sourced from Japan are known for their strict quality standards, authentic specifications, and competitive pricing — making Japan the ideal procurement hub for global buyers.
