

K.K. Resort Japan

Company Description

Resort Japan Co., Ltd., established in January 2004, is a premier real estate agency headquartered in the world-renowned mountain resort of Hakuba, Nagano Prefecture. Specializing in high-end resort properties, the company offers a comprehensive range of real estate services tailored to meet the diverse needs of both domestic and international clients. Our extensive portfolio includes everything from charming second-hand chalets and residential land to large-scale commercial development sites and luxury vacation homes.

What sets Resort Japan apart is our deep local expertise combined with a truly global reach. Through our strategic partnership with our group company, Housing Japan—a leading luxury real estate firm based in Tokyo—we have built a robust network that connects Hakuba's exceptional real estate market with high-net-worth individuals, inbound tourists, and institutional investors from around the world, particularly from Australia, Southeast Asia, and China. We pride ourselves on offering seamless, multilingual support, ensuring that our international clients can navigate the complexities of the Japanese real estate market with complete confidence and ease.

Beyond standard property sales and acquisitions, Resort Japan provides end-to-end investment support. Our dedicated team of resort property experts assists clients in identifying high-yield investment opportunities in idyllic locations. Furthermore, we offer comprehensive property management services, giving absentee owners peace of mind knowing their valuable assets are well-maintained throughout the year. By bridging the gap between local Hakuba property owners and global investors, Resort Japan continues to drive the internationalization and sustainable development of Japan's top resort destinations, making us the trusted partner for resort real estate in the region.
