

Ehime Kobayashi Pharmaceutical Co.,Ltd.

Company Description

Ehime Kobayashi Pharmaceutical Co.,Ltd. was established in 1962 and became a member of the Kobayashi Pharmaceutical Group in 1988. The company specializes in the manufacture and processing of sanitary materials, nonwoven products, and daily necessities.

Its product portfolio includes a variety of hygiene-related products for the Kobayashi Pharmaceutical Group, such as feminine care products under the Sarasa—ティ brand, cooling gel sheets, moisturizing throat masks, underarm sweat pads, and eyeglass cleaning wipes. Drawing on decades of expertise in nonwoven material selection and processing, as well as advanced manufacturing facilities, the company focuses on product functionality, consistent quality, and reliable mass production.

The company also maintains rigorous quality and safety management throughout its production processes, from raw material inspection to manufacturing and shipment. In collaboration with material suppliers, it continues to develop and improve its material and processing technologies. Guided by its philosophy of delivering comfort and well-being to people and society, Ehime Kobayashi Pharmaceutical Co.,Ltd. contributes to better everyday living through the production of reliable hygiene and household products for customers in Japan and overseas.
