

BREMBO Japan Co.,Ltd

Company Description

Brembo is a global leader in the design, development, and production of high-performance braking systems and components.

Since its founding in Italy in 1961, Brembo has consistently provided innovative solutions to top manufacturers of passenger cars, motorcycles, and commercial vehicles, and has won over 600 titles in the demanding world of motorsports.

With 32 production and business locations across 15 countries and 9 research and development centers, Brembo, along with approximately 15,600 employees, continues to develop reliable solutions for everyone seeking the ultimate driving experience.

In 2023, the company achieved a revenue of €3.849 billion.

With the vision of "Turning Energy into Inspiration," Brembo contributes to the advancement and shaping of the future of mobility through cutting-edge digital technologies and sustainable solutions.
