Job Description

- Lead a project design team from inception to delivery of multi-MW hyper scale solutions attending design and construction meetings
- Interface with our top cloud and enterprise customers and communicate presentations on all aspects of design
- Develop high level master planning, space planning and engineering solutions for potential new developments (feasibility stage)
- Produce Basis-Of-Design BOD documents in the project definition stage
- Produce consultant's briefs in order to develop designs from feasibility stage through concept, scheme and detailed design stages, ensuring continuity of design philosophy and approach
- Oversee the technical aspects of direct procured equipment and facilitate their interface with the design team
- Understand the commercial implications of engineering decisions and build cost models for customers Provide technical assistance in the site election process and engage with service providers and local authorities

Required Skills

- You have 10+ years of experience in design management
 - You speak English and Japanese fluently
 - Bachelor's degree, preferable electrical, is a plus
 - Ideally, you have experience working for a data center operator and previous hyper scale and cloud experience in the APAC market
-

Company Description

Propel Consulting is an Executive Search Company based in Tokyo. We specialise in providing international businesses with bilingual executives and mid-level professionals.

Our team of experienced consultants collaborate to identify and service the unique needs of candidates and clients across a wide range of industries. We achieve excellence by developing creative solutions that utilise our broad-reaching networks, technology based tools and relevant expertise.

Our innovative approach ensures that we can introduce the best candidates to our clients and the best opportunities to our candidates.

We have helped numerous professionals to join some of the leading international companies in Japan. Our experience enables us to provide candidates with the best opportunities available in their industry.

We will also provide help and support throughout the entire process including: interview advice, resume tips, compensation negotiation and helping you to resign from your present position.
