Job Description

About the company

We are one of the leading online service providers in Japan with wide ranging services from e-commerce to booking sites to financial service products and even life sciences/cancer treatments.

During this global pandemic we been performing very well and while some of their businesses took a temporary hit, other businesses are making more than up for it with significant growth as a whole business.

What's in it for you

- Fast growing, multi-cultural, international team
- Work in a dynamic, collaborative, and transparent culture where your talent is valued over a role title.
- Work/Life Balance: we honor great work and producing great deliverables. Not sitting in the office all day and night.
- Opportunities: variety, innovation, and unique challenges, where you can learn something new every day as well as Utilization of new technologies.

What you will be doing/responsibilities

- Discussing business specifications, design, coding, testing, release as well as maintenance of software programs
- Depending on your skills and experience you may also be tasked with the job of a technical or project leader

Essential skills

- 3+ years working experience in Java
- Experience using JDK8+ and the usage of the reactive paradigm
- Worked with source control systems, preferably Git
- Experience with various popular Java frameworks (for example Spring, Play, Micro-frameworks)

Preferred skills

- Experienced in working in an Agile development environment such as a Scrum team
- Experience using containers and cloud platforms
- Knowledge of professional best practices for the software development life cycle, including coding standards, code reviews, source code management, build processes, testing and operations
- Knowledge or having a broad understanding of CI/CD and DevOps tools
- Knowledge of application performance monitoring (APM) tools and performance tuning

Salary

- 4-6M JYP annually (Negotiable based on experience)

Work arrangement

- Team/department dependent (4 to 5 times in office is preferred)

Location

- Tokyo

Company Description

About en world

en world is a group of recruiting consultancies specialising in professional and managerial roles. Operating from 7 countries, we support global companies' recruitment needs through our Asia Pacific network.

About en world Japan

en world Japan supports globally-renowned international and Japanese companies to hire professionals and managers. Our recruitment consultants specialise across both function and industry resulting in deep market knowledge and focused search results.

en world Japan was founded in 1999, operating as Wall Street Associates and specialising in financial services recruiting. We expanded our coverage and service in response to our customer needs. In 2010 we became a group company of en-japan inc., a leading internet-based provider of recruitment services in Japan.
