## Job Description

You will be designing, building and implementing infrastructure solutions adhering corporate set standards to support business requirements. Occasionally you will be required to support Network Operations in troubleshooting.

Responsibilities include but are not limited to:
• Work closely with Project Management and IT teams to deliver repeatable, scalable and manageable solutions.
• Represent IT infrastructure on technical project teams and take ownership of handling complex project issues and technical challenges.
• Design, deploy and manage infrastructure solutions that ensure business requirements for performance, uptime, resiliency, security and supportability are achieved.
• Manage and update documentation.
• Facilitate knowledge transfer and network handover to IT operations.
• Communicate technical data to a range of audiences, including vendors, senior management, cross-functional teams, and other relevant stakeholders
• Flexibility to work outside regular office hours.
• Travel on-site

## Required Skills

• CCNP level or equivalent required.
• Strong knowledge of Routing (OSPF, BGP) and switching (Vlan, VTP, STP, Dot1q, HSRP) a must
• Experience with implementing and managing Cisco routers (IOS, IOS-XR), switches (Catalyst, Nexus) and wireless solutions
• Experience with implementing and managing Checkpoint, Palo Alto and Cisco ASA Firewalls
• Experience with implementing and managing Zscaler (cloud) proxy
• Experience with implementing and managing AWS and Microsoft Azure Cloud networking
• Experience with implementing and managing F5 GTM/LTM.
• Experience with IP administration, DHCP and DNS (Infoblox IPAM)
• Experience with monitoring tools (Orion, Splunk) is a plus
• Vendor certifications is a plus

## Company Description

<p>RANDSTAD connects great people with great companies, making the right human connections to create winning teams. Randstad may be a recent name in Japan, but we've been supporting candidates and clients in Japan for more than 25 years. <br /> With humble roots in the Netherlands in 1960, Randstad grew from a small, local staffing company into a global leader in HR solutions, covering 39 countries. </p> <p>Randstad Japan, a premier HR Professional Services company is growing its Professionals (mid-career / executive search) recruitment division rapidly from 2014. We're looking for passionate, ambitious team-players who are ready to bring their career to the next level. With 117 offices located across Japan, a wide-ranging client network across industries and functions, Randstad is well-positioned to grow its recruitment presence in Japan.</p>
