Job Description

Are you looking for an opportunity to hone and apply your Accounting and Auditing skills to the next level?

Overview:

With the continuous business growth and expansion of Connor and its clients, we are looking for an Associate/Senior Associate to help us further build our capabilities and manage global client projects. In this position, as a key contributor to our engagement teams, you will **apply your educational background and the experience obtained from accounting, auditing or data analytics positions** to some of the most exciting and coolest clients in the world. You will be supporting experienced members of the team throughout various stages of an audit. We trust our Consultants to always perform at a high level of quality and professionalism.

Main Responsibilities:

Assist and/or manage execution of compliance audits for existing clients including planning, execution, and reporting activities which includes compilation of raw data, data analysis, product testing, interview of key licensee individuals, etc. Manage multiple projects with team members account managers across multiple regions at any point in time. Up to 50% domestic or international travel may be required.

Connor Consulting International provides highly specialized accounting and advisory solutions to ensure contract, license, and royalty compliance. The company has experienced enormous growth since its inception in 2009. The practice has more than doubled in size every year and is presently serving as a trusted advisor to a broad range of clientele in various industries across the globe, including clients from Fortune 500 companies.

Connor's continued pursuit for excellence in the delivery of professional contract compliance services has gained trust and recognition of the world's largest software vendors. The company's experienced teams ensure our clients are served by the best tenured industry experts. Connor Consulting is an equal opportunity employer and values diversity, equality, and inclusion. We do not discriminate on the basis of race, religion, color, national origin, gender, sexual orientation, age, marital status, veteran status, or disability status.

Required Skills

- Bachelor's degree in Accounting or equivalent
- At least 3 years of experience in Accounting or Finance department if there is no Audit or Big Four experience.
- Audit experience preferred, but not required.
- Big Four accounting firm experience preferred, but not required.
- Data analytics experience or background.
- English fluency both verbal and written is required.
- Native proficiency level of the Japanese Language both verbal and written.
- Proficient in the use of Microsoft Office Suite with strong Excel skills and other data analytics tools
- Microsoft EXCEL proficiency is a MUST
- Professional and personable demeanor.
- Hard working, detail oriented and ability to work well independently and in a team environment
- MBA/CPA/CA, or other relevant certification is not required, but a plus.
- Up to 50% domestic and international travel required.

Benefits - Why Connor?

We approach every relationship with purpose, attention, and a little fun! You can expect:

- A flexible working environment
- Paid mental health days
- A generous vacation package
- Competitive compensation.

You'll be working with a highly driven, collaborative global team that values trust, accountability, and continuous learning. We nurture our people in a culture that **promotes diversity and individuality** that sparks innovation and creativity.

If you are a professional who is looking for an opportunity where you can put your honed skills and abilities to work for a mission that you are passionate about, then this is the right career opportunity for you.

Join us and be part of our Global Team. Apply now!

Company Description**A Unique Portfolio for Compliance**

A company's most prized asset is its IP.

Our comprehensive suite of solutions and services are designed to help you maximize your revenue opportunities to drive business value.

<3rd Party Compliance>

Maximize the Value of Your Business Partnerships and Contractual Agreements

As enterprises continue to ride the digital transformation wave, the impact and value of your customer and supplier contracts are critical to your business success. The increasing complexity around contracts, terms, pricing, permitted uses and restrictions; makes it difficult to enforce the necessary governance and controls to ensure contract compliance.

Connor Consulting offers third-party audit services designed to help enterprises capture lost license revenue and lower operational spend. Through a unique blend of extensive compliance experience, local resources with deep experience in target geographies, and a customer-first approach, we can ensure a partnership that drives value at the lowest possible cost.

- Royalty Audits
- Channel Audits
- Software License Compliance
- Vendor & Supplier Audits
- Automated Customer Engagement

<Software Advisory>

Optimize Operational Efficiency and ROI on Technology Investments

As enterprises continue to ride the digital transformation wave, the impact and value of critical software applications cannot be understated. With software licenses and maintenance almost one-third of overall IT budgets, software is a key company asset. So how do you ensure you are maximizing your technology investments and ensuring efficient and compliant operations?

Connor Consulting offers software advisory services designed to help enterprises reduce IT vendor spend, optimize software licensing environments, and mitigate non-compliance risk.

- Audit Playbook & Defence
- Software Asset Management
- Cloud Migration Software License Reasiness
- M&A Software License Preparedness
- IT Contract Optimization
