## Job Description

### **Invenergy believes inclusion drives innovation.**

Diverse teams are better teams. The perspectives and experiences that people from different backgrounds bring to an organization drive better decisions and improved business results. Invenergy employees are inclusive and welcoming of colleagues of all backgrounds, genders, races, sexual orientations, religions, and abilities.

### **Position Overview**

We are looking for a results-driven Assistant Manager to assist the Project Finance Team in the structuring and financial closing (third party loans/investments) of renewable energy projects.

Project Finance Asst. Manager will work closely with Japan-based teams (development, technical, asset management, legal, accounting) and various US-based internal functions (finance, tax), and support reporting requirements to Management in the headquarters in Chicago, USA.

The successful candidate should have a strong financial background, excellent organizational and financial modeling skills, and be a flexible team player.

### **Duties and Responsibilities:**

- Structuring of Project Finance loans and related agreements.
- Review, update, and lead the cash flow modeling activities of projects in development and/or approaching the external project financing process. Coordinate model updates with internal Finance, Accounting and Tax teams in the US.
- Developing strategies to maximize financing terms while minimizing risk factors.
- Interacting with internal project managers and external lenders on project status updates
- Preparing financial presentations to potential senior and mezzanine lenders, investors, and senior Management
- Working with internal development, technical, and other teams alongside external legal, tax and other advisors on finance related agreements, lender due diligence, and loan closing activities.
- Working with internal Portfolio Finance and Asset Management teams, in Tokyo and Chicago, for a smooth hand-over of tasks and activities after financial close
- Supporting senior Management and contributing to team efforts by accomplishing related tasks as needed
