### Job Description

#### About the company

We are currently looking for a Program Manager to join a highly profitable international automotive company with operations in Japan.

The company manages multimillion-yen programs with major automotive manufacturers and has secured long-term project

pipelines with excellent growth prospects.

**Who are you**

- ◆ You will have multiple years of program management experience (automotive industry preferred but not essential).
- ◆ You will be passionate about leading teams and delivering complex programs on time and on budget.

**Why apply**

- ◆ You will lead high-visibility programs with major automotive manufacturers.
  - ◆ Manage multimillion-yen projects with direct P&L responsibility.
  - ◆ Shape premium automotive solutions for global markets.
- 

**Required Skills****Skills, Knowledge, and Experience in ONE or MORE of the following:**

- ◆ Multiple years of program management experience (automotive preferred)
- ◆ Engineering degree and program management methodology skills
- ◆ Strong understanding of development and manufacturing processes
- ◆ Fluent Japanese and business-level English (minimum TOEIC 700)
- ◆ Willingness to relocate to Kansai

**Experience in ONE or MORE of the following areas is desirable:**

- ◆ Knowledge of IATF16949, ISO14001, PPAP, FMEA, APQP quality systems
  - ◆ Understanding of component development and manufacturing processes
  - ◆ ERP system user knowledge and advanced presentation skills
- 

**Company Description**
