Job Description

About the company

We are one one of the one of the leading online service providers in Japan with wide ranging services from e-commerce to booking sites to financial service products and even life sciences/cancer treatments.

During this global pandemic we been performing very well and while some of their businesses took a temporary hit, other businesses are making more than up for it with significant growth as a whole business.

What's in it for you

- Fast growing, multi-cultural, international team
- Work in a dynamic, collaborative, and transparent culture where your talent is valued over a role title.
- Work/Life Balance: we honor great work and producing great deliverables. Not sitting in the office all day and night.
- Opportunities: variety, innovation, and unique challenges, where you can learn something new every day as well as Utilization of new technologies.

Required Skills

Mandatory Skill:

Technical skills:
- Java development experience with Springboot (7 + years)
- Knowledge and experience of database and system infrastructure (e.g. MySQL, Cassandra, Couchbase, Docker)
- Experience in designing and implementing Restful API
- Active experience in application development in java
- Experience in actively taking responsibility on designing phase (Based on requirements from business Unit, you can think how those can be implemented based on current system by yourself)
- Experience in CI/CD
- Experience in building and managing application with async processing (message brokers)
- Experience in developing and operating large-scale, high-capacity system
- Experience in production alert handling and troubleshooting
- Knowledge of alerting tools and monitoring tools
- Knowledge of best coding practices

■Team Leading / Business skills
- Experience leading a team of approximately five members as a Project Lead or Tech Lead
- Experience in communication about technical thing with non-technical parties(Business Unit, Product Owner)
- Good communication and presentation skill
- Person who is good in collaboration with everyone (Team work)
- Communication skill in English

■Mindset
- Proactive professional with a strong ownership mindset
