Job Description

Join the Global Network Operations Team to provide advanced troubleshooting and support for enterprise-level network and security infrastructure in a leading global pharmaceutical company. Ensure network stability, security, and compliance while optimizing operations across multiple locations.

Client Details

A world-leading pharmaceutical company, dedicated to improving health through innovation. With a commitment to digital transformation, the company offers a dynamic and collaborative work environment where IT professionals can make a real impact on global healthcare solutions.

Description

- Troubleshoot and support global network infrastructure (WAN, LAN, WLAN, VLAN, VPN, Firewalls, etc.).
- Provide second-level network operations support and incident resolution.
- Administer and optimize network infrastructure, ensuring security and compliance.
- Manage change and incident processes within IT operations.
- Collaborate with internal teams to maintain and enhance IT network performance.

Job Offer

- Competitive salary and benefits package.
- Exposure to a global IT infrastructure and security environment.
- Career growth opportunities within a multinational company.
- Collaborative, high-performance team culture.

To apply online please click the 'Apply' button below. For a confidential discussion about this role please contact Naoko Toda at +81 3 6832 8648.

Required Skills

- 2-3 years of experience as a network engineer in an enterprise environment.
- Proficient in network protocols (EIGRP, BGP, MPLS, QoS) and troubleshooting.
- Experience with Cisco/Juniper networking and Palo Alto Firewalls.
- Certifications such as CCNA or CCNP preferred.
- Strong documentation, communication, and collaboration skills.
- Fluency in English; ability to work in a multinational team.

Company Description

A world-leading pharmaceutical company with a strong presence in Japan, dedicated to improving health through innovation. With a commitment to digital transformation, the company offers a dynamic and collaborative work environment where IT professionals can make a real impact on global healthcare solutions.
