Job Description

Company and Job Overview

A multinational conglomerate is seeking a Pharmacist to become part of their dynamic team. Your primary responsibility will be to lead the registration process with NPRA to obtain a Poison A license for the company's pharmaceutical ingredients.

Job Responsibilities

- Ensure APIs meet NPRA requirements by adhering to guidelines.
- Prepare and submit necessary documents for API registration.
- Verify API quality through GMP compliance.
- Monitor API quality post-market, addressing any issues.
- Communicate with authorities for smooth registration processes.

- Stay updated with the latest regulations and industry practices.

Job Requirements

- Degree in Pharmacy with a valid Pharmacist license in Malaysia.
- At least 1 year of working experience in the product registration or regulatory affairs related matter.
- Good communications and organizational skills.
- Able to work independently with minimal supervision.
- Teamwork and collaboration with cross functional teams.
