Job Description

The Senior Manager Internal Control is playing a key role to support global risk management by leading market-focused control assessments and business process optimization. Reporting to the Regional Director, the role serves as a key expert in internal controls within a global "second line" risk function.

Client Details

Our client is a large organization in the Life Science industry. Their operations in Tokyo are significant and they are recognized for their innovative approach to the development and distribution of life-changing treatments.

Description

- Partner with regional finance and business leaders to strengthen risk mitigation efforts
- Contribute to strategic initiatives by improving processes and enhancing risk and control frameworks
- Support local teams in aligning operations with internal compliance standards and procedures
- Share insights and collaborate across departments to maintain a robust and up-to-date control environment
- Proactively pinpoint areas for improvement and lead initiatives to refine internal control systems across the region

Job Offer

- A competitive salary range and excellent employee benefits
- Opportunity to work in a leading organization in the Life Science industry.
- A supportive work environment that promotes innovation and professional growth.
- Hybrid work

Page Group Japan is acting as an Employment Agency in relation to this vacancy.

Required Skills

- A degree in Accounting, Finance, or a related field.
 - A strong background in corporate finance and internal control.
 - CPA will be a plus.
 - Proficiency in financial software and databases.
 - Excellent problem-solving and decision-making skills.
 - Strong communication skills in both Japanese and English.
