Job Description

Job Responsibility:

- Identifying risks specific to leasing and multifinance operations, such as residual value risks, customer defaults, or fraud.
- Developing strategies to mitigate risks related to asset depreciation, lease agreements, and credit defaults.
- Ensuring compliance with regulations specific to multifinance and leasing industries, including OJK (Indonesia Financial Services Authority) requirements.
- Evaluating the creditworthiness of individuals or businesses applying for leasing or financing services, considering factors like the nature of leased assets and repayment capacity.
- Analyzing industry-specific risks, such as market demand for financed assets (e.g., vehicles or machinery).
- Recommending approval or denial of leasing or financing applications based on comprehensive financial and risk assessments.

- Auditing lease agreements, customer contracts, and financing operations to ensure compliance with internal policies and regulatory standards.
- Assessing the effectiveness of controls related to asset management, loan disbursement, and repayment tracking.
- Identifying inefficiencies in leasing and financing workflows and recommending improvements to enhance operational reliability.
- Reporting to Corporate General Manager

Requirements:

- +5 years experience as risk management for leasing, rental, multifinance industry
- Experienced in handling credit analysis and internal audit
- Experience in Japanese company will be a plus point
- Advanced in English is mandatory
- Experience in leading a team or division
- Great leadership, communication skills, flexible, detail oriented
- Bachelor's degree in Finance, Management or related field

Company Description
