### Job Description

This position is for a Controlling Specialist who will be primarily responsible for financial planning, budgeting, and cost controlling in an accounting and finance department in the industrial/manufacturing industry.

### Client Details

Our client is a large organization, known for its significant contribution to the industrial and manufacturing industry. With its headquarters located in Tokyo, the company operates on a global scale, maintaining a reputation for high-quality and innovative solutions.

### Description

- Conduct financial planning, budgeting, and forecasting.
- Perform cost controlling and variance analysis.
- Develop financial models to support decision making.
- Ensure the integrity of accounting information by recording and verifying financial transactions.
- Participate in strategic data analysis, research, and modeling for senior company leadership.
- Collaborate with other departments to streamline accounting processes and operations.
- Comply with all company, local, state, and federal accounting and financial regulations.

- Provide insightful, strategic recommendations to the leadership based on financial analysis.

#### Job Offer

- A competitive annual salary package up to 8million
- Attractive benefits package including a 15% bonus.
- Opportunity to work in a diverse, multicultural environment in Tokyo.
- Chance to contribute to a large organization in the industrial / manufacturing industry.
- Excellent work-life balance with ample holiday leave.

We invite you to join us in driving success in the industrial / manufacturing industry. If you're a Controlling Specialist looking for a challenging and rewarding role in Tokyo, this is the opportunity for you.

To apply online please click the 'Apply' button below. For a confidential discussion about this role please contact Francois Yanase.

---

#### Required Skills

A successful 'Controlling Specialist' should have:

- Extensive knowledge in financial planning, budgeting, and controlling.
- A solid understanding of accounting principles, practices, and procedures.
- Proficiency in financial modeling and analysis.
- Excellent analytical, reasoning, and problem-solving skills.
- Strong communication skills, both written and verbal, in Japanese and English.

---

#### Company Description

Our client is a leading global automotive group, renowned for its high-performance brands and innovation in the automotive industry. With a strong presence in Japan, they are expanding their operations and developing a network of authorized dealerships across the country. The company is committed to fostering a collaborative, dynamic work environment, offering employees opportunities for career growth and work-life balance.
