Job Description

Our client is a world leader in die-casting and CNC machining manufacturing for automotive parts, located in Amata City, Chonburi.

Position:

QA Section Manager

Salary:

40,000 50,000 THB / total monthly package

Welfares:

Position allowance, Transportation Allowance, and bonus 4 months

Location:

Amatanakorn Chonburi

Working Day:

Monday to Friday (Saturday per company's calendar)

Responsibilities:

- Lead, mentor, and manage the QA team to ensure high performance and professional development.
- Develop and implement QA policies and procedures to meet organizational goals and regulatory requirements.

- Conduct regular performance reviews and provide constructive feedback.
- Oversee the development, implementation, and maintenance of QA processes and systems.
- Ensure that all products and services meet quality standards before they reach customers.
- Conduct root cause analysis and implement corrective actions for any quality issues.
- Ensure compliance with industry standards and regulatory requirements.
- Stay up-to-date with changes in quality regulations and standards.
- Prepare for and manage internal and external audits.
- Drive continuous improvement initiatives to enhance product quality and operational efficiency.
- Implement best practices in quality assurance and control.
- Facilitate training and development programs related to quality.
- Work closely with other departments (e.g., Production, R&D, Supply Chain) to ensure quality objectives are met.
- Communicate quality issues and initiatives to senior management.
- Develop and present quality metrics and reports to stakeholders.

Qualifications:

- Bachelor's degree of Engineering or Industrial Technology or any in related fields.
- Minimum of 10 years of experience in quality assurance from automotive manufacturer, with at least 3 years in a managerial role.
- In-depth knowledge of Die-Casting and Machining process.
- Strong leadership and team management skills.
- Excellent analytical and problem-solving abilities.
- Proficient in quality assurance tools and software.
- Strong communication and interpersonal skills.
