### Job Description

A leading global manufacturing company specializing in premium quality products and services with a worldwide customer base throughout the world supported by an extensive network of distributors and dealers.

**Position:**

Sales Engineer

**Salary:**

70,000 – 90,000 THB / month

**Welfares:**

Bonus, PVF, Housing, and others

**Location:**

Chon Buri

**Working Day:**

Monday to Friday

**Responsibilities:**

- Sales Engineer will handle all technical aspects of projects, ensuring proper equipment specification, layout design, and technical documentation to support the sales process.
- Strong analytical skills with the ability to assess and interpret client requirements and translate them into technical solutions.
- Proficiency in CAD and Revit software for the development and maintenance of symbol libraries and project visualization.
- Familiarity with product specification and configuration tools.
- Excellent communication and presentation skills, with the ability to articulate complex technical information clearly and persuasively to a non-technical audience.
- Strong customer service orientation, with a focus on building lasting relationships with dealers and distributors.

**Qualifications:**

- Bachelor's degree in Engineering (Mechanical, Electrical) or related field
- Minimum of 5 years of experience in engineering, or technical sales role and at least 1 year of experience in Project Engineering.
- Excellent attention to detail and problem-solving skills.
- Strong leadership and communication skills.
- Ability to work collaboratively with cross-functional teams.
- Good command in English.
