Job Description

Company and Job Overview

JAC's client is a Japanese consulting firm, looking for a Finance Consultant position.

Location: Ho Chi Minh City

Job Responsibilities

- Collect information about the client's business through a variety of methods (shadowing, interviews, surveys, reading reports etc.).
- Analyze and interpret facts to identify weaknesses and problems, and comprehend the causes.
- Understand critical issues of the client's business process and create a counterproposal to improve its management and operation.
- Deliver and work as a project member and create key deliverables (e.g. Assessment documents, Business Process

Flow, Business Requirement Definition, Fit & Gap analysis with a certain application function).

- Propose appropriate measures to fill gaps using IT or non-IT solution.
- Negotiate and facilitate key discussions in both Vietnamese and English.
- Work closely with project managers to deliver appropriate consulting services for clients.
- Support pre-sales and a proposal for project opportunities.
- Support managers for recruiting new employees, finding alliance partners in Vietnam, and reporting to the Headquarter.

Job Requirements

- University degree
- 5 to 10 years of consulting experience working for a consulting firm or similar work experience.
- Work experience in one or more consulting projects as a project manager or a project member.
- Skills to build key consulting deliverables (Assessment / Business Process Design / Business Requirement / Financial Policies).
- Comprehensive knowledge on accounting or finance business processes in a company, especially in relation to enterprise application functions, such as:
 - General bookkeeping knowledge
 - General cost accounting knowledge
 - Account receivables – incoming payment settlement
 - Account payables – outgoing payment settlement
 - Planning & Budgeting processes
 - Product Cost accounting in manufacturing business
 - VAS (Vietnamese Accounting System)
- Basic understanding on enterprise applications (ERP, accounting system, planning & budgeting system, Business intelligence, etc.).
