Job Description

Company and Job Overview

A foreign company specializing in Water treatment is looking for Projects Sales Engineer (Non JP) to join their dynamic team in Ho Chi Minh city.

Job Responsibilities

- Collect information on target customers based on the marketing information.
- Create sales materials, project proposal materials, business profitability materials, etc.
- Thorough information sharing within the department (reporting in a regular format, etc.).
- Technical support (layout plans, calculations, etc.) will be requested from the technical department
- Expanding new orders for water treatment plants such as ultrapure water and wastewater treatment plants
- Establishment of business schemes and project formation to commercialize the semiconductor industry and electronics-related industries according to the company plan.

Job Requirements

- Experience working for the water treatment company.
- Experience in sales and technical proposal work for B2B (private businesses)
- Strong network of customers in semiconductor and electronics peripheral businesses.
- Familiar with European, American or Korean companies.
- Experience in planning, proposals and sales
- Fluent communication in English skills
- Having the ability to speak Korean or Chinese.

Benefit:

- Commission based on target achievement (Commissions: Contracts for projects related to semiconductor customers)
- Premium health insurance + Wellness programs.
