Job Description

The company is a leading provider of scientific products and solutions across Southeast Asia, dedicated to advancing scientific research and development through innovative technologies and high-quality products.

They are seeking a detail-oriented and strategic Country Manager for India to oversee our operations and drive growth in the Indian market. This role involves managing the product portfolio, leading sales and marketing initiatives, and ensuring customer satisfaction through effective engagement and strategic planning.

Key Responsibilities:

- Collaborate with the management team to drive sales and marketing

- Conduct active regional customer visits to expand the product portfolio and identify growth opportunities
- Develop and execute marketing and sales growth plans in collaboration with country business managers

Key Requirements:

- Degree in Science or related qualifications
- 10 years of sales experience in relevant products.
