Job Description

- Lead the end-to-end AWS cloud migration and infrastructure modernization project
- Act as the primary project interface between business users, technical teams, and offshore developers

Client Details

Join a global IT services company with experience supporting banking and financial services. This organization is a trusted partner for digital transformation and innovation, delivering modern solutions in AI/ML, cloud computing, DevOps, and more.

Description

- Lead AWS/cloud migration and infrastructure standardization projects
- Manage full project lifecycle including planning, execution, quality control, and documentation
- Collaborate with stakeholders from both business and IT divisions

- Coordinate with offshore technical teams and vendors
- Provide project status reports, manage change requests, and ensure timely delivery

Job Offer

- Leadership role on a large-scale AWS migration
- Hybrid onsite-offshore work style with flexibility
- Work closely with a globally trusted financial services client
- Competitive compensation package
