Job Description

A major construction company for solar power generation in Japan, contributes to carbon neutrality through the spread of renewable energy in ASEAN countries (Thailand).

Job Title: Technical Engineer Leader/Assistant Department Manager

Business Type: Trading/Energy

Location: Bangkok

Job Type: Full-Time, Monday-Friday, 09:00-18:00 hrs.

Responsibilities:

- Professional Team Supporting Customers as Technical Engineers for Solar Power Systems
- As a Technical Engineer, you will manage and maintain the operation of completed (commissioned) solar power systems to ensure they operate normally. This role will be part of a Professional Team that earns the trust of customers and internal staff. We are looking for a team leader who can provide appropriate guidance and instruction to a team of 5 Thai engineers.
- Main Responsibilities:
 - Monitor the operational status of solar power systems, respond to errors, and arrange repairs in case of equipment failures.
 - Manage regular inspection and maintenance work for solar power systems.
 - Provide technical advice to the sales team and construction team as a Technical Engineer.
 - Conduct final inspections before the completion of solar power system installations.
 - Provide customers with instructions on the operation of solar power systems upon project completion.

Qualifications:

- A motivated individual who wants to leverage their experience in the solar power industry to grow further as an electrical engineer.
- Someone with experience in directing and mentoring subordinates and juniors as a team leader, confident in their management skills.
- A person who acts with the company's interests in mind, not just their own.
- Always possesses a spirit of challenge and has a positive attitude.
- A cheerful individual who is trusted by other staff members.
- A sincere person who actively engages in work beyond their defined role.
- Capable of striving to achieve goals.
- Values team and company considerations over selfish interests.

How to Apply: If you meet the qualifications and are excited about this opportunity, please submit your resume and a cover letter by click "APPLY" We look forward to hearing from you!
