Job Description

We're hiring for an FP&A Controlling role at a global manufacturing company. The successful candidate will play an important role in financial planning, analysis, and controlling, supporting the company's financial decisions to support business growth.

Client Details

My client is a global organization in the cleaning technology industry, known for its innovation, quality, and commitment to sustainability. With a fast growing in Japan, the company offers excellent career development opportunities in a supportive environment that values work-life balance.

Description

- Manage financial planning and analysis activities, including budgeting and forecasting.
- Ensure financial controls are in place and are compliant with corporate policies.
- Provide strategic financial input and leadership on decision-making issues affecting the company.
- Enhance and implement financial and accounting systems, processes, tools and control systems.
- Coordinate with different departments for budget preparation and financial reporting.
- Perform risk management by analyzing the organization's liabilities and investments.

- Prepare detailed reports and present findings to senior management.
- Participate in key decisions pertaining to strategic initiatives and operational execution.

Job Offer

- Competitive salary with great benefit.
- A vibrant and supportive work culture that values employee growth.
- Chance to develop your career in a global company with free English courses.
- Good work life balance with free lunch and travel allowance

We encourage qualified candidates to take this chance to build a rewarding career in FP&A Controlling!

To apply online please click the 'Apply' button below. For a confidential discussion about this role please contact Prim Daengpiam on +81364021589.

Required Skills

A successful candidate should have:

- Background in finance and accounting.
- Proficiency in financial planning, analysis and controlling.
- Good communication and presentation skills to effectively communicate financial data to non-financial colleagues.
- Good analytical skills and attention to detail.
