Job Description

This Senior FP&A position requires expertise in financial planning and analysis to drive business strategy and decision-making in the FMCG industry. The role offers an opportunity to work closely with leadership teams on impactful projects.

Client Details

The hiring company is a large organization in the FMCG industry, known for its extensive portfolio of products and presence across global markets. They are focused on delivering excellence in their operations and maintaining a strong market position.

Description

- Develop, monitor, and refine financial plans, budgets, and forecasts to align with organizational goals.
- Provide in-depth financial analysis and insights to support business decision-making.
- Collaborate with cross-functional teams to evaluate financial performance and optimize resource allocation.
- Prepare and present detailed financial reports to senior management and stakeholders.
- Identify trends and risks, offering actionable recommendations for improvement.
- Ensure compliance with accounting standards and company policies in all financial processes.
- Lead initiatives to enhance financial systems and processes for greater efficiency.

- Support strategic projects, including mergers, acquisitions, and market expansion.

Job Offer

- A collaborative and supportive workplace culture.
- Access to advanced tools and systems for financial analysis.
- Comprehensive benefits package, including health and wellness programs.

This is an excellent opportunity for experienced finance professionals to make a significant impact in the FMCG industry. If this sounds like the right fit for you, we encourage you to apply today!

To apply online please click the 'Apply' button below. For a confidential discussion about this role please contact Hai Le at +81 3 6832 8623.

Required Skills

- Business Japanese and English
- Strong analytical and financial modeling skills.
- Proficiency in financial systems and tools, such as ERP systems or advanced Excel.
- A proven track record in the FMCG industry or a similar fast-paced sector.
- Excellent communication skills for presenting complex financial data clearly.
- A proactive approach to problem-solving and process improvement.
- Familiarity with international financial practices and regulations.
